

Academic (wisdom, knowledge and skills)

- As mathematicians we will start the term by looking at comparing amounts using the language 'more' and 'fewer'. We will also compare size, mass and capacity and create simple patterns.
- As scientists we will explore healthy eating and design our own soups and bread rolls. We will share these at our Big Soup Share in the last week before half term.
- As speakers, readers and writers we will talk about ways in which we can lead healthy lifestyles, follow simple recipes and write a list of ingredients for our soups and bread rolls. We will also write thank you cards to members of the community who help to keep us safe.
- Our PSHE learning will focus on caring for ourselves. We will think about what a healthy lifestyle looks like and how we can help to care for each other.
- As physically active learners we will focus on developing our fitness and talk about why daily exercise is important.
- As artists we will explore paintings by Giuseppe Arcimboldo and create our own versions of fruit and vegetable portraits!

Innovation

This Half Term Hedgehogs will have opportunities to:

- Learn about ways in which we can stay safe and healthy, why it is important and how we can all make positive changes to our lifestyles .
- Continue to develop an understanding of ourselves as Global Citizens and the role we play as individuals in our schools and homes.
- Be creative, reflective and independent learners in all aspects of school life.
- Link and share our learning with other schools from around the Trust.

Autumn Term 1 2021

Looking After Ourselves and Each Other!

This term our overarching theme is 'Stewardship' – How do we care for ourselves? How do we care for each other?

Character

(hope, aspiration and courageous advocacy)

For this Half Term our focus virtues are **Reflection, Friendship and Generosity.**

We will...

- Explore these virtues in our whole school and class based assemblies.
- Join with Clinton and Dolton virtually.
- Look out for 'virtues in action' in many ways as well as develop our own character journeys and celebrate our own and others' efforts.
- Take part in 'inspiring speaker' and 'inspiring leader' enrichments as part of 'Character Sought' through experiences linked with our learning theme.

Community (and living well together, dignity and respect)

During this first half of the Autumn Term Hedgehogs will:

- Explore UN Sustainability Goals 'Good Health and Wellbeing' and 'Zero Hunger'. How can we ensure healthy lives for all?
- Learn about how people within the community can help to keep us well and safe, e.g. police officers and doctors.
- Learn about Inspiring Changemakers within history who influenced health and wellbeing, e.g. Florence Nightingale.
- Celebrate Harvest with the local community by holding a Big Soup Share.
