

## Owls Class - Autumn Term 1

### *Who Am I?*

#### Academic:

This term, Owls are embarking on a journey of self-discovery! We're excited to explore the theme "**Who Am I?**" by learning more about ourselves, identifying our characteristics and names, how old we are, and how we've changed. We hope to find out more about what makes us happy and unique, discover our birthplaces and create our family trees.

We will become:

- **Masters of Maths**, learning some numbers when we talk about birthdays, creating charts and comparing some of our features and exploring patterns on autumn walks.
- **Confident Communicators** as we discuss interests and what makes us special.
- **Proud Performers** as we share our favourite nursery rhymes and learn many new ones.
- **Amazing Athletes** as we learn more about how our body moves through mini movement sessions, practise our 'what makes us super' yoga poses and get outdoors to explore autumn.
- **Independent Individuals** as we introduce the Big Brush Club into our routine and celebrate our fabulous tooth brushing skills!

#### Character:

Focusing on the virtues of **Reflection, Respect, Courtesy, Friendliness, and Resilience**, we will:

- Reflect on how we've grown and what makes us special.
- Discover our strengths and build confidence to face challenges.
- Learn about our class rules and the importance of respecting everyone's differences and similarities.
- Build strong, friendly relationships and celebrate acts of kindness.

As we embark on our Inspiring Changemaker journey, we'll become **Inspiring Adventurers**, immersing ourselves into this beautiful season with autumnal art, outdoor fun, cooking and a trip to Beer Mill!

#### Community:

Our community focus will be on connecting with our roots and understanding our place within a larger story. We'll also delve into global traditions, such as Polish name days and birthday celebrations here and from around the world. We'll explore where we come from and with the question, "Who Was in Preschool Before Us?" better understand our place in Clawton's journey. Harvest activities will teach us where food comes from, and we'll even support local food banks to show the importance of helping others. As we observe autumn's changes, we'll deepen our connection to nature.

#### Digital and Innovation:

- Each Owl will create a personalised "Who Am I?" box filled with their unique creations.
- Children will have the opportunity to take their own photographs of what makes them happy to add them to their boxes.
- We'll come together to help compile a class soundtrack, creating a shared musical experience.
- Custom fashion items to celebrate personal expression.
- Autumn will inspire us to design harvest menus and explore new flavours.
